Reviewed February 2023

Part One: Introduction

Our Publication Scheme

This Publication Scheme is a guide to the information routinely published by Comberton Dental Surgery & Implant Centre. It is a description of the classes and types of information about our Practice and our team that we make publicly available. By having such a Scheme, we are undertaking to make available to members of the public the information in the classes listed in Part Two of the Scheme. We review the Scheme at regular intervals and monitor how it is operating.

It is important to us that this Scheme meets your needs and we have designed it to be a route map so that you can find information about Comberton Dental Surgery & Implant Centre easily.

Your rights in relation to Freedom of Information, the Data Protection Act and Access to Patient Records legislation.

At the present time, in addition to accessing the information identified in this Publication Scheme, you are entitled to request other information about Comberton Dental Surgery & Implant Centre from Emma Carter, Practice Manager, Comberton Dental Surgery Ltd, 29 Comberton Road, Kidderminster, DY10 3DL.

We may not always be able to provide some or all of the information you request. If we are unable to provide the information you have requested, we will explain the reasons why.

Under the Data Protection Act 2018, you are also entitled to access your clinical records, or any other personal or sensitive information held about you by our practice.

Please contact Emma Carter if you would like access to or a copy of your clinical records.

Comberton Dental Surgery & Implant Centre complies with the Data Protection Act 2018, including the requirements of the General Data Protection Regulations (GDPR).

Feedback

We welcome suggestions about how our service might be improved.

English and French & Punjabi is spoken.

Interpreter services can be made available with Cintra.

Clinical interests of dentists

Comberton Dental Surgery provides diagnostic, preventive, restorative and surgical dental procedures for (adults and children) and has access for the disabled.

We also provide implants, facial aesthetics, sedation, Invisalign, tooth whitening and cosmetic dentistry.

Information about infection control procedures

Comberton Dental Surgery & Implant Centre complies with current infection control standards and practices. Our Infection Control policy and protocols ensure that we adopt current good practice requirements in all aspects of infection control. Instruments are autoclaved or are disposable. Personal Protective Equipment is routinely worn and is single use. All team members undertake regular update training in infection control procedures.

Complaints

Comberton Dental Surgery & Implant Centre aims to ensure we provide high standards of patient care and service. If you have any concerns about any aspect of our care or service, please tell us and we will do all we can to resolve your issues to your satisfaction.

We have a comprehensive Complaints Policy, including a Code of Practice that lays out how we deal with concerns and complaints. Our team members receive regular update training in complaints handling and we have processes in place to learn from complaints.

If you require further details, please ask at reception for our Code of Practice for dealing with complaints.

Any concerns or issues should be raised with Emma Carter the practice. Alternatively, please speak to any team member, either in person or by telephone 01562 751240. If you prefer to write to us, please address it to Emma Carter at Comberton Dental Surgery Ltd, 29 Comberton Road, Kidderminster, Worcestershire, DY10 3DL or email comberton.surgery@nhs.net.

Regular Publications and Information for the Public

Our Privacy Policy and Privacy Notice contain details about how we protect personal and sensitive information. Details are published on our website www.combertonsurgery.co.uk.

We also publish information relating to the clinical services we provide for our patients on our website.

We do not publish information that is of a personal and/or confidential nature, as this is excluded, as is any other confidential material. Material relating to the health and safety of specific individuals, law enforcement or criminal or regulatory enforcement or audit issues may also be excluded from publication. There may be circumstances where material cannot be released because the appropriate officer designated for these purposes under the Act has taken the view that it may be prejudicial to the conduct of public affairs.

This Publication Scheme

All dental practices that have an NHS contract are considered to be public authorities.

Under Section 19 of the Freedom of Information Act 2000 (see link to the Act in Part Three below), all public authorities, including dental practices have a legal duty to adopt and maintain a Publication Scheme for the publication of the information they hold. The purpose of the Act is to promote greater openness by public authorities.

The Act requires all dental practices to respond to requests about the information they hold. This includes information that is recorded in any form and the rights of access to that information. These rights are subject to some exemptions that dental practices must take into account before deciding what information can be released.

The Freedom of Information Act does not change the rights of patients to protection of their personal and sensitive information in accordance with Article 8 of the Human Rights Convention, the Data Protection Act and at common law. Maintaining the right to patient confidentiality continues to be an extremely important commitment on our part.

This Publication Scheme aims to make as much information about Comberton Dental Surgery & Implant Centre available as possible, on a continuous basis. We will continue to add to the information when appropriate.

We will publish any changes we make to this Publication Scheme, the criteria on which our information management policies are made and a referral point for all enquiries regarding information management generally in our practice. We will also publish any proposed changes or additions to publications already available.
